

NAVYA PARVATHANENI

navyaparvathaneni27@gmail.com | +91 9290728879 | [GitHub](#) | [Linkedin](#) | [Hackerrank](#)

A passionate BTech student specializing in Artificial Intelligence & Data Science, with a strong foundation in programming, Data structures & Algorithms. Skilled with hands on experience of using machine learning to build efficient models. Dedicated to excelling in both my academic and professional pursuits, actively seeking opportunities to apply my skills in real-world projects and make meaningful contributions.

TECHNICAL SKILLS

Languages : Python, Java, SQL, C programming, R programming
Tools & Technologies : Excel, PowerBI, Tableau, MS office, MongoDB
Web Technologies : HTML, CSS, Javascript, ReactJS

SOFT SKILLS

Excellent Communication
Creativity & Innovation
Collaborative Spirit
Agility and Flexibility

ACHIEVEMENTS

TCS Codevita Season XI

Secured a global rank of 4662 in the coding competition conducted by Tata Consultancy Services which had 444000 participants from 94 countries.

SPARDHA

Coordinated a National tech fest which had 1500+ participants from several institutions.

HOUR OF CODE

Coordinated a globally recognized event HOC for school students, on the topic "Creativity with AI".

CERTIFICATIONS

<u>Data Science</u>	: By IES
<u>Salesforce Developer</u>	: By Salesforce
<u>AI :Constraint Satisfaction</u>	: By NPTEL
<u>Google Data Analytics</u>	: By Coursera
<u>Zscaler Zero Trust Associate</u>	: By Zscaler
<u>Data Analytics</u>	: By AWS
<u>Process Mining</u>	: By Celonis

PROJECTS

Med-Care Nexus | MongoDB, ReactJS, ExpressJS, NodeJS Sept 2024 to Present

- Developing a platform that acts as a centralized hub for hospitals to store, retrieve and manage patients complete information that might include details, images and as well as test reports.
- Using MongoDB along with some web technologies to efficiently store, query, and manage heterogeneous data.

Credit Card Fraud Detection | R programming, Machine Learning Jan 2023 to April 2023

- Built a logistic regression based machine learning model using R, achieving an accuracy rate of 94% in predicting the fraudulent credit card transactions.
- Utilized diverse visualizations to illustrate the performance and insights of the machine learning model.

EDUCATION

B.Tech - Artificial Intelligence & Data Science | **CGPA : 9.2** 2021 - 2025

Vasireddy Venkatadri Institute of Technology, Guntur

Intermediate - MPC | **Percentage : 97** 2019 - 2021

Sri Durga Malleswara Siddhartha Mahila Kalasala, Vijayawada

Secondary Education | **GPA : 10** 2018 - 2019

Viswa Vani (EM) High School, Vijayawada

EXTRA - CURRICULAR ACTIVITIES

Design Head for ACM VVIT Student Chapter 2023 - 2024

As a Design Head, I designed visually compelling and effective posters for events, which played a significant role in promoting our activities and engaging a larger audience. This experience honed my skills in event management, communication, and creative design, while also reinforcing my ability to work effectively in a team setting.
